How to make Homemade Marigold Oil/Calendula oil. - How to make Homemade Marigold Oil/Calendula oil. 5 minutes, 19 seconds - How to make Homemade Marigold Oil/Calendula Oil. How to make soapnut powder. Marigold oil is a natural oil extracted from ...

marigold ( calendula) flower oil

we have yellow and orange flowers will use both

remove the petals using a scissors

it helps healing wounds and rashes, also for healthy skin

the bottom stem and seeds are not required

this oil eliminates dandruff by hydrating and moisturising the scalp

a healthy scalp will prevent hair fall and help hair growth

this will stimulate collagen production it wil minimize scar on wounds

after all petals are removed

not to the direct sun light just to dehydrate

or use a dehydrator on 50deg C for 2 hours to dry faster

in normal sunny days it will take three days

now it is ready for oil infusion

use a clean and dry glass jar

fill the dried petals

pour coconut oil till immerse all the petals

close the lid and shake well

to get complete infusion it is better to keep 6 weeks

will see how the oil has come out

keep a clean cloth in a strainer and keep on a glass

strain the oil into the glass

remove maximum oil

fill it in a dry clean glass bottle

close the lid and store in a dark place

we can start using the oil
